About Tungsten Mobile Deposit Capture

Tungsten Mobile Deposit Capture captures checks and other financial instruments on mobile devices for deposit, and it runs as a project in Tungsten Transformation or Tungsten TotalAgility. The technical specifications in this document are specific to Tungsten Mobile Deposit Capture 2025.1.

Because Tungsten Mobile Deposit Capture is run from Tungsten Transformation or Tungsten TotalAgility, the requirements to support Tungsten Mobile Deposit Capture are defined by the Technical Specifications for those products, as shown in the [Product requirements](#) table. Refer to the referenced Technical Specifications for additional compatible Tungsten Automation software, such as Real-Time Transformation Interface and Tungsten Mobile Capture SDK.

Product requirements

| Specification | Description |
|---------------------------------------|---|
| Required Tungsten Automation software | Tungsten Transformation version 7.1.0.14 or later with Real-Time Transformation Interface 2.2.0.7 or later. See Tungsten Transformation Technical Specifications . or Tungsten TotalAgility version 8.1.0.1 or later See Tungsten TotalAgility Technical Specifications . |
